Universidad de Almería
Ctra. Sacramento s/n
La Cañada de San Urbano
04120 - Almería

The University of Almería, **one of the youngest and most dynamic universities of Spain**, with more than 12,000 students, 600 phd students, 100 research groups, and more than 800 lecturers. The university was created by the Andalusian Parliament in 1993 at the behest of the Autonomous Government of Andalusia.

Nowadays, the University of Almería offers the possibility of studying a range of **31 bachelor's degrees, 30 doctoral programmes, 40 official master's programmes and 15 non-official masters' programmes**. The University is also proud of its modern facilities among which we can find four lecture theatres buildings, an auditorium, an indoor sport centre with a swimming pool and outdoor sport tracks and tennis courts. Apart from the bachelor's degree courses, the student can choose from a **broad range of *Enseñanzas propias*** [non-official courses designed by the University] (courses, specialist courses, expert courses, masters programmes, etc.) and **a large offer of cultural and sport activities**, which intend to satisfy academic and non-academic demands, coming not only from the university community but from the society in general. There are more than 20 summer courses every year, which are followed by more than 1300 students. The University of Almería has a solid commitment with research and investigation, featuring in the **third position in the Andalusia scientific production ranking**, with 300 research contracts signed with companies, 70 patents registered and 700 published works.

Welcome Conference

The International Relations Office, together with the Vice-Rectorate of Internationalization and the ESN, organize a welcome conference for international students every year. It is important that the international students are present in these days, since in them they will be able to obtain all the necessary information about their stay in the UAL. These days will take place one week before the beginning of the classes. You will receive information about how to participate through your email.

Learning Agreement

You will follow all the steps related to your study contract in the online platform, Umove. Once you have access, in June, we will send you detailed information to complete each of the steps.

<http://cms.ual.es/UAL/universidad/serviciosgenerales/uinternacional/pagina/CONTACTA?idioma=es>

Checklist

Before your arrival at UAL make sure that:

- You have registered on the UMOVE platform.
- You have received your letter of acceptance.
- You have selected your courses on Umove (according to your coordinator at your home university) **Step 1**
- You have uploaded on Umove your study contract, signed by you and your coordinator at your home University. **Step 2**
- You have enrolled into the courses you have previously selected and you have filled all your personal data. AUTOMATRICULA. **Step 3**
- You have a health insurance

On arrival

You should pass by the International Relations Office on the day of the appointment, bring with you your ID card or your Passport. If you arrive after the orientation days and your appointment is long after your arrival, please bring your flight tickets with you.

Find above a link to obtain your appointment for the International Relations Office. You can get an appointment up to two weeks before.

<https://citaprevia.ual.es/LoginUal.aspx>

Academic Coordinator

The figure of the academic coordinator will help you with any academic issues you may have such as the eligibility of your courses or the proper functioning and use of the online learning system.

Your academic coordinator is the one who **signs your documents digitally** once you have uploaded them to the platform (Umove). Therefore, it is not necessary for him/her to sign them manually.

Assessment and Grading System

There are two ordinary examination periods per academic year. The first is held at the beginning February and the second one is held in June. Students who do not pass their exams during the ordinary period may retake them during the extraordinary exam period in September. Each student has to attend classes regularly and comply with the teacher's requirements in order to pass a given course.

The specific assessment of each of the courses you are enrolled into is available on the teaching guide you can find on the website by introducing the code of the course.

PRACTICAL MATTERS

Health Insurance

- Students from the EU: The European Health Insurance Card is valid for all European citizens who are spending a period of time in any country of the European Economic Space, that is, the European Union, Norway, Iceland and Switzerland.

The students should contact the authorized insurance agency of their country of origin and apply for the European Health Insurance Card.

However, the European Health Insurance Card has a very limited coverage. The University of Almería recommends you to sign for a private insurance.

- Students from non-European countries: A private insurance is compulsory. The insurance must include repatriation. You must bring with you a copy of your insurance policy to the International Office.

The University of Almería has an agreement with an insurance company which has special prices for international students:

http://cms.ual.es/UAL/universidad/serviciosgenerales/uinternacional/pagina/SEGUROMOVILIDA_DESTUDIANTE

Upon arrival in Almeria, students will have to go to the nearest medical center and fill out an application to register temporarily in the health care system. For this, the student will be required to have an address in Almeria. Once the processing is done, the student will be appointed a doctor, who can go with the same rights as a Spanish citizen if he needs medical assistance.

Opening a Bank Account

In accordance with Spanish law, all resident and non resident foreigners with financial affairs in Spain must have foreigners tax identification number or NIE (Número de Identificación de Extranjero).

Most visa documents already bare the NIE. You can also apply for it in the bank where you want to open the account. They will charge you a small amount of money for the procedure. However, if you need to get one by other means you will find useful the information below.

How to obtain a NIE –Orientative-

In case there is no NIE number in your visa , you will need a “Certificado de Residente o no Residente”. Applications for that certificate can be made at the Oficina de Extranjería (at Calle Marruecos, 1), always via previous appointment to be set through the following ways:

- By phone:
950 625401;
- By e-mail:
cita.almeria@seap.minhap.es
- By website:

Please follow link and choose “Almería” -> Entrar, “Certificado de residente o no residente” -> Aceptar, and “Entrar” (Oficina Virtual, Extranjeria).

You will also need the following documents:

- An application form (form EX14), filled out and signed (please check the English or French version for reference, although the Oficina de Extranjería will only accept the Spanish version);
- Identity card or original passport and photocopy.
- Acceptance Letter of the University of Almería.

The certificate can also be supplied by the same bank office where you want to open the account. They will charge you a fee for this (30€, compared to the approximately 8€ it will cost if you do the paperwork yourself).

Further information about the procedure and required documents:<http://www.interior.gob.es/web/servicios-al-ciudadano/extranjeria/ciudadanos-de-la-union-europea/numero-de-identidad-de-extranjero-nie->

Visa

International students and researchers wishing to study or conduct research in Spain must be in possession of a visa in order to be able to reside legally in the country.

Researchers or lecturers who have entered Spain with a residence visa which allows them to work without obtaining a work permit, must begin the procedures for obtaining a resident’s card within 30 days of their date of arrival in Spain.

Important information for students requesting a long term visa to Spain.

It is not possible to enter Spain with a tourist visa and then apply for a study visa. Students entering the country only with a tourist visa will have to return to their country of residence and obtain the visa there.

Study visas and length of stay

For studies and research periods lasting less than three months no study visa is necessary, unless the interested party is from a country for which a visa is required as standard practice.

For periods of between three and six months a visa is required, but no other documents need be applied for in Spain.

For studies and research periods lasting more than six months, visitors must apply for both a visa and a student’s residence card in Spain. The student must begin the application process within a

month of his/her arrival in the country. The student's residence card is processed at the Oficinas de Extranjería (Foreign Nationals Offices) of the Spanish Police.

Nationals of EU member countries do not require a visa.

Students from the European Union

Foreign citizens from non-EU countries who wish to study or do research in Spain for a period exceeding 3 months must apply for a study visa in the [Consulado de España](#) of their country of origin or legal residence.

The following documents are required to process the study visa:

Internet access

Students have internet access throughout the campus. You can use the computers available in the library, both table and laptops. To connect you will need your UAL username and password. If you need help to connect to the network you can ask at the ESN office.

Almería

Almería is located in the southeast of Spain, where we enjoy good weather all year round. Land of incredible contrasts, in Almería you will find kilometers of beautiful beaches of fine sand, many still virgin going through mountainous formations, to which you will arrive in a very short time, until deserted places that will make you think that you are in another world.

The province has a rich cultural heritage as a result of its history, which can be appreciated in many of its buildings. The word Almería comes from the Arabic Al-miraya, mirror of the sea. Almería developed its Christian roots after the conquest of the city in 1489 by the Catholic Kings, Fernando and Isabel. It was then that he began to form part of the crown of Castile. In 1522, Almería suffered a strong earthquake that devastated the city. The slow recovery was completed in the 19th century thanks to the mining and export of grapes. During the Spanish Civil War (1936-1939) the city was bombed. Since then, it has strengthened its economy based on vegetable production, with more than 400,000 m² of greenhouses that supply much of Europe market demand and the tourism, the other great engine of its economy.

Monuments and museums

Alcazaba of Almería: Built by Abderramán III, it is a Muslim fortress divided into three areas. The first enclosure corresponds to the barrack that was used like refuge in case of siege; The second includes the Arab palace; The third was built by the Catholic Monarchs in the Reconquest.

<http://www.rutasconhistoria.es/loc/alcazaba-de-almeria>

Civil War Shelter: It was built in 1938 to give shelter to the citizens during the bombings carried out by the Nationalists. Nowadays, it is used as a museum. **Further**

Jayrán's Wall and San Cristóbal's Hill: This wall divides the ravine of La Hoya and arrives until the Hill of San Cristobal. On

the hill are the remains of a Christian fortress. The hill is crowned with the statue of the Heart of Jesus, made in 1930.

Archaeological museum: It houses the archaeological finds of the province from the prehistoric era to the Muslim period.

<http://www.arqueotur.org/yacimientos/museo-arqueologico-de-almeria.html>

Cathedral: It is the only fortified cathedral in Spain built in the sixteenth century with a dual function: as a place of worship and for the protection of citizens when pirates attacked the city after the Reconquest.

Accommodation

Students have the opportunity to stay in the new dormitory of the UAL, for the full year or just for a few days. The dormitory will be open even during the summer months. It is well located, with close bus stops to get to the university, and in an area where students can find shops, sports facilities and entertainment venues. Students can book a room through the web residenciavivas.com.

For the first days, when you arrive to Almería you have, naturally, the residence and you also have the hostel available.

<https://www.inturjoven.com/albergues/almeria/albergue-inturjoven-almeria>

Students in Almería also live in **shared flats**. The Erasmus Students Association will help you upon arrival to contact other students and landlords so you can settle down as soon as possible. Nevertheless, finding the right place to live could take a few days depending on your needs and budget. You can already start to check out some of the flats available in the following link

Sharing flat with other students...

They are normally private self-catered flats fully furnished with kitchen, bathroom, a living room and three or four bedrooms. The flats always have blankets, however, they never have towels and sometimes there are sheets available.

A single room costs approximately €200 to €300 per month depending on the characteristics of the apartment. Some options affecting the price may include: en-suite facilities, telephone lines and network connections. You should be required to sign a tenancy agreement. The landlord or intermediate agency may ask for a deposit (usually one or two month's rent). The deposit is refundable if you do not damage the property and pay all bills on the property. It should be refunded to you at the end of the tenancy.
