# A SEA OF KNOWLEDGE STUDY ABROAD

UNIVERSIDAD  
DE ALMERÍA

University of Almería (UAL) is located in southeast Spain, in the region of Andalusia. Founded in 1993, University of Almería **offers 34 Bachelor, 44 Master and 14 PhD programmes**, as well as an extensive curricular training for their **+13.000 graduate and undergraduate students**.

Our highly skilled Faculty has at their disposal state-of-the-art facilities and equipment for their classes. **UAL Campus is located next to the Mediterranean Sea and enjoys a mild Mediterranean climate throughout the year.** Furthermore, the city and province of Almería offers a safe, convenient and welcoming environment, full of unique natural resources, cultural and leisure activities and a well-established tradition of work and entrepreneurship.

## STUDY ABROAD INTERNATIONALIZATION PROGRAMMES

So far, more than 800 students from all over the world have enjoyed the STUDY ABROAD experience at University of Almería. UAL has offered this program since 2013, on two different formats

### TAILOR MADE

### SUMMER SCHOOL

### TAILOR MADE

Customized academic programmes for groups looking to receive high quality tuition

This format allows a partner University to send groups of 10 or more students to get specific training in any of the following areas

- Engineering (Agriculture, Industrial or Chemistry)
- Environmental Sciences
- Information and Communication Technologies
- Business and Administration
- Health Sciences
- Education and Psychology
- Spanish Language, Culture and Literature

University of Almería understands the importance of learning goes beyond classroom walls. In order to fully understand European history and Spanish passion, they will offer an array of cultural activities designed to help expand student knowledge including a city tour that highlights the historical center of the city, a trip to Cabo de Gata Natural Park (a UNESCO protected Global Geopark), a guided visit to Almería War Shelters (the largest subterranean shelters in Europe), and a trip to Granada and Alhambra, one of Islam most important architectural feats.

# SUMMER SCHOOL

Our courses are designed for International Students and are taught by Professors of proven expertise and experience. All courses have a practical approach and include visits to leading companies and research centers.

All courses include a Transcript of Records for 3, 6, 8 or 10,6 ECTS, as per course length.
