

Cómo añadir publicaciones desde Scopus

Añadir publicaciones cuando el autor tiene un único perfil en Scopus	1
Añadir publicaciones cuando el autor tiene más de un perfil en Scopus	5

Añadir publicaciones cuando el autor tiene un único perfil en Scopus

Scopus asigna a cada autor que tenga publicaciones en la base de datos un Scopus ID. Si el autor siempre ha firmado con el mismo nombre tendrá un único Scopus ID. Pero si el autor ha utilizado diferentes variantes de su nombre, tendrá más de un Scopus ID.

Para añadir las publicaciones seguiremos los siguientes pasos:

Entrar en http://orcid.org/ e "iniciar sesión". Poner correo electrónico y contraseña

Importar trabajos - Seleccionar Scopus to ORCID

Scopus to ORCID

Import your Identifier, profile and publications. The wizard helps you find the correct Scopus profile and to confirm your publications. You can then import the identifier and list of publications into ORCID. Any changes you make will be submitted to the Feedback team to update your Scopus profile.
